June 2026

Village website: [www.dorseyssearch.org](http://www.dorseyssearch.org)

**Date  
Change**

**Pool party** has been moved to Thursday, August 6, 2026.

Ticket sales begin June 1. Please come to the village office to purchase tickets. Our address is 4765 Dorsey Hall Drive, Ellicott City. Our building is named Linden Hall.

Please review our office hours towards the bottom of page 2. More info about party on page 11.

## Please mow your grass.

The office has received several calls regarding properties not being mowed. Please remember that if you live next to a sidewalk front, back or side of your home, you are responsible for maintaining the grassy strip between the sidewalk and the road. Just like snow removal, mowing this area is your responsibility under Howard County Code of Ordinances, Subtitle 4, Section 18.402.

Along with keeping your grass mowed, please pick up after your pet and be a responsible owner. Dog waste contributes to pollution in our waterways and negatively affects the environment.

If you have been reading the newsletter, you know that road salt is also harmful to the environment. Our Watershed Resident Advisory Panel continues to look for volunteers to help collect test samples from the creeks, streams, and rivers that flow through our Village.

Our final topic regarding environmental concerns is the deer population. An overpopulation of deer can have a negative impact on both the deer themselves and our area's flora and fauna.

The County will hold a meeting to review last year's archery hunting statistics and introduce dates for the upcoming season. Please see the information below regarding the meeting.

### Reminders

**Office Closed**  
July 3 for the observation of  
July 4

### Howard County Office of Natural Resources

Meeting at Linden Hall

Tuesday, **June 2nd** starting at 6pm

**TOPIC: Overview of the DEER season;  
additional dates for archery hunting**

Howard County personnel will present an overview of the past hunting season and propose additional archery management dates for the 2026/2027 season. Community members will have an opportunity to ask questions.

Please join the conversation about deer management to learn important information and help dispel rumors or misinformation that may be circulating in the community.

"Dahlias are the joyful divas of the late summer garden".

Recently, I unpacked my dahlia's tubers from last year. A few I've had for several years now and I am always pleased that I've been successful in overwintering these beautiful plants. Even though I don't mark them or identify the specific kind, I love the feeling of surprise when I rediscover their individual beauty in the summer garden. Dahlias are readily available and easy to grow. They are easy to divide as I have experienced and they can be saved year to year. There are over 42 species of dahlias and countless hybrid varieties. This is because they have 8 sets of chromosomes. 4 times more than a human being. This allows for the vast number of cultivars available today. Some varieties can grow to amazing heights and blooms can range from 2 inches in diameter to the massive 25 in. dinner plate varieties. Many gardeners become obsessed with the overwhelming assortment and are passionate about collecting various dahlias. Dahlia competitions abound and the flower is judged on color, form, size, etc. The flowers are showy and work wonderfully in flower arrangements, since they come in a variety of bold colors and are long lasting.

Dahlias have a long history. They are a native of Mexico and is the Mexican national flower. For centuries, their tubers were used as a food crop by the Aztecs. And before the discovery of insulin, the starch in dahlias was used to treat diabetes. They were named for the 18-century botanist, Anders Dahl. They were originally thought to be a type of vegetable and their blooms were considered secondary.

When selecting dahlias, you should keep our pollinators in mind. Unfortunately, not all dahlias are good pollinators. Some of the multi-petaled, showy varieties are difficult for bees and butterflies to feed from, the petals blocking access to this nutritious food source. Look for plants with open centers where you can see the bright yellow 'eye' of the flower. These varieties, perhaps not as interesting are most beneficial to attracting and keeping pollinators in your garden. They still provide added interest and color. Dahlias provide an important food source in the later summer, early fall months, when other flowers begin to fade.

Plant in the spring after the threat of frost. They require 6-8 hours of sun in well-drained soil. They are fast growing and bloom mid to late summer. After the first frost you can dig up your dahlia tubers. Clean them up and dry for a few days, then pack them in vermiculite or some sawdust like medium to prevent rot from too much moisture forming. You should store them in a cool place and wait for spring to arrive. If you over winter your dahlias, you won't be disappointed to rediscover them in next years garden.

Garden club members will be meeting 10 am on Tuesdays at the Butterfly Garden on Gray Rock Drive. Stop by to chat about gardening and meet our members. We hope to see you there over the spring and summer months.

## New: CA Watershed Resident Advisory Panel

The newly formed **CA Watershed Resident Advisory Panel (WRAP)** brings together representatives from every CA village committed to protecting and improving our local watershed. This group was established in response to growing concerns about water quality, stormwater runoff, erosion, and the impact of development and climate change on our shared natural resources.

A central goal of the WRAP is to build awareness and encourage stewardship—providing information through community outreach about watershed health, conservation practices, and simple actions residents can take to make a difference.

The CA WRAP will collaborate with village boards, CARES groups, and county partners. Representatives will share updates on CA's watershed management initiatives and gather input and feedback from the community on the issues that matter most to residents. Look for upcoming guidance on sustainable watershed practices from the new 'Watershed Wise from the WRAP' contribution to the village newsletter.

The Dorsey's Search Village Representative to the WRAP is Ria Malloy. For more information: <https://columbiaassociation.org/engage/committees/watershed/>

Each year, Kimco and the merchants at various Kimco-owned Village Centers host summer activities for residents. This year, you can view all events by scanning the QR code.

We recommend scanning the Facebook QR code, as the website QR code will direct you to the Columbia Village Center Facebook page.

## Columbia Festival of Arts

Presented by Merriweather Arts and Culture Center

June 12–14 at the Columbia Lakefront (Lake Kittimaquandi by Whole Foods)

Please visit [www.columbiafestival.org](http://www.columbiafestival.org) for a full list of activities.

## Dorsey's Search Pool Party

Thursday, August 6 at the Dorsey Hall Pool from 6–9pm.

Dorsey's Search residents ONLY (Bring ID when purchasing tickets)

**You must have a ticket** (*Ticket distribution starting on June 1 during office hours*)

We understand this a weekday, but make it a relaxing weekday evening.

Don't worry about dinner we've got it covered.

**Food:** Pizza; salad; soft drinks; ice cream truck (pizza & salad are from Trattoria Amore located in our Village Center)

A DJ will keep us all entertained by playing songs and if you are up to it, there could be some dancing. Of course, the main focus is the use of the pool. It won't be crowded because the pool will be closed to the public. Bring your own pool flotation device or games. Only Dorsey's Search residents holding tickets will be permitted into the pool that evening. Come join us at the Dorsey Hall Pool Thursday, August 6 from 6pm–9pm.

The Dorsey Hall pool is located at 4649 Columbia Road, Ellicott City.

### Tickets sold at Linden Hall

Adults: \$5/adult (13 years or older)

Child: \$3/child (12 years or younger)

*Dinner, drinks, dessert, and entertainment for that price is a great deal!*

## Document Shredding

Saturday, October 10 from 9–noon.

Many residents asked about Spring Shredding, but the trucks were booked. We got our date in the Fall and we look forward to seeing our Residents.

Do a google search about what can and cannot be shredded. Your house will feel so much lighter and you know that personal information isn't just laying around in the trash for someone to freely take.

Start saving those old documents.

Special events are sponsored by the Dorsey's Search Community Association and some events may be co-sponsored with the Villages of Columbia and/or Dorsey's Search Village Merchants and Columbia Association. For those events requiring a ticket, tickets can be picked up at Linden Hall during regular business hours. For most events, there are a limited number of tickets available, so tickets are distributed on a first-come, first served basis. **No telephone reservations can be taken unless otherwise noted.** Tickets must be picked up in advance—there are no tickets available at the door, since caterers need an exact headcount before hand. **If you picked up free tickets and cannot attend an event, please return to the village office as soon as possible so you can be taken off the headcount and allow a wait-listed family to attend.** Staff may require ID in order to verify residency; please do not send children to pick up tickets, since they are not included on the resident list. Family or Children's events must have an adult accompanying a child. Tickets may still be available when the newsletter is being printed, but may be sold out before you receive your issue. Please feel free to call us to see if there are still tickets available. Thank you.
